(Sent 05-07-2019 for reply by 10:00AM on 05-29-2019)
Sealed Cost Proposals will be opened at 10:00AM on 05-29-2019
At the Administrative Offices of the Troy Housing Authority (THA)

Field conditions update from 05-17-2019 10:00 AM tour at Conway Court and Kane Apartments

During the above referenced tour the following conditions were noted:

- **Due to the location of the connection of cast iron drain piping from the existing tubs it is likely that the floor for the walk-in/step-in shower will need to be slightly elevated on a platform.**
- **Due to the current location of the call for aid boxes near the current tub cavity it is likely that the new surrounds being installed will need to be fitted to accommodate the existing call for aid boxes.**

Based on this information, a second field conditions tour is being offered on Thursday 5-23-19 at 9:00AM.
If you are interested in this tour you must notify Tom Hulihan by email at thomas.hulihan@troyhousing.org.
If no one expresses interest there will not be a second field conditions tour.

Note also that the contractor selected through this RFCP will have an opportunity to thoroughly examine each unit prior to ordering materials. This may include some selective demolition of the tub area in a vacant unit or units to more fully understand existing conditions before ordering materials.
